CLARK CASE IN HANDS OF JURY

(Continued from page 1)

cy or checks from him during the period of employment which were not made a matter of record.

After the defense had finished with the evidence of Clark, it introduced the following witnesses, each of whom swore that the character of Clark for honesty and integrity in Prescott was good:

M. B. Hazeltine, O. A. Hesta, H. D. Timmerhoff, E. A. Kastner, Dr. J. Harvey Blain, Ed. Shumate, during the introduction of this testimony the county attorney brought out the fact from most of the witnesses that they belonged to the auto club with Mr. Clark and were members with Mr. Clark of the union choir, reference to which tended to cause ripples of laughter to go through the court room.

The motion for the judge to direct a verdict was based partly on the fact that the total amount of money named in the information as the amount of the demand Clark made on the county with the alleged attempt to defraud was not proven by the plaintiff; that the plaintiff had only shown different discrepancies without even attempting to make the various amounts thus shown tally with the amount named in the information.

It is expected that court attaches and spectators will be treated to some oratorical fireworks worth hearing before court adjourns today.
